

DRAFT - GLC  
10 December 1971

The Honorable Joel T. Broyhill  
House of Representatives  
Washington, D. C. 20515

My dear Mr. Broyhill:

Thank you for your letter of 6 December 1971 on behalf of the  
Langley Soccer Club.

As you may know, a tract of land which adjoins the site of our  
Headquarters building here in Langley and which was formerly assigned  
to the Federal Highway Administration has recently been acquired by the  
National Park Service and will become an extension of the Turkey Run  
park and picnic area. It is our understanding that certain parts of this  
property will be made available for recreational purposes. I believe  
it is in this area that consideration is being given to the establishment  
of the soccer field referred to in your letter.

I am informed that before these facilities, including the soccer  
field, can be developed some filling will be necessary. ~~It will also~~  
*SOME* ~~require~~ changes in ownership of certain pieces of land in the immediate  
*WILL ALSO BE REQUIRED*  
area. It was agreed by the Park Service, the Highway Administration,  
General Services Administration, and ourselves that before the new  
recreation facilities   were opened for public use certain areas adjacent to  
the Turkey Run park should be fenced. Before the fencing can be erected,  
however, the necessary changes in title must be completed. This action  
is in the hands of the General Services Administration.

ILLEGIB

We are cooperating with the Park Service in this development and I have asked our people to expedite matters within the control of this Agency to the fullest extent possible.

Sincerely,
